Services

The way to collaborate with me is through my several services, which are :

PHOTOGRAPHER

using my sense of photography, I'm taking a different side of any general angle that is usually used among people, and I'm an expert for outdoor fashion photography, catching moments, food photography, product photography, etc.

Services

The way to collaborate with me is through my several services, which are :

tik

INFLUENCER

finding that I've gained thousands of followers, so that I'm already influenced people by my work on instagram. And I've been working for many brands to promote their product and build awareness to all people and specifically to my followers.

Services

The way to collaborate with me is through my several services, which are :

DIGITAL MARKETER

similar with the content creator, but this is more like the strategy of how I'm delivering the digital concept to the targeted market, like doing event on social media platform, social media handling, engage the people through social media, and pull them in to the reality event of my clients.
